

I Believe in Farming

*I believe a mans greatest possession is his **dignity** and that no calling bestows this more abundantly than farming. I believe **hard work** and **honest sweat** are the building blocks of a person's character. I believe that farming, despite its hardships and disappointments, is the most **honest** and **honorable** way a man can spend his days on this earth. I believe my children are **learning values** that will last a lifetime and can be learned in no other way. I believe many of **the best things in life are indeed free**: the splendor of a sunrise, the rapture of wide open spaces, the exhilarating sight of your land greening each spring. I believe **true happiness** comes from watching your crops ripen in the field, your children grow tall in the sun, your whole family feel the pride that springs from their **shared experience**. I believe when a man grows old and sums up his days, he should be able to **stand tall** and **feel pride** in the life he's lived. I believe in farming because **it makes all this possible**.*

at "**MOTE FIELD**"
