CUSTOMIZED FLAT FAN NOZZLES!

With information on GPA, air-speed, swath width, the number of nozzles and width between nozzles, distributors help customers choose flat fans which will work best for their applications. For help, fax the CP "Aircraft Set-up Information" form to 480 303-0909.

Customer may choose any combination of CP[®] tips. Tips will be installed at the factory according to customer specifications and can be drop shipped to the customer.

Prices effective 11/15/10 and are subject to change without notice.
